LUBRICANT • AUTOMOTIVE
AN INDUSTRY WITH ENDLESS OPPORTUNITIES

LUBRANTA And Automotive Was Founded In 2010 As Quality Lubricating Oil Trader . We Are In Lubricating Oil Business Since 2008. After Gathering Strength Through Experience During This Period. We Decided To Meet The Demand Of Lubricants Market By Establishing Our Own Manufacturing Unit And Blending Plant In 2012, As The Emerging Quality Lubricants Oil Manufacturer In Surat-gujarat-india. For us the Quality and Customer Satisfaction always comes first place. So that we always purchase Base Oil and other required chemicals from the trusted and quality manufactures. We always follow various Quality Standards in our different range of products. We believe in building healthy business relation with our precious customers.

About

LUBRANTA Lubricant and automotive is a 100% Indian owned company operating in India for over 12 years as supplier of high quality lubrications oils & grease for industrial & automotive use. All our products meets and in most cases exceed the specification set by motor manufacturers companies around the world. Our products are independently blended & manufactured under strictest specification for today.

LUBRANTA Lubricant and automotive is also a ISO 9001-2008 certified company in cooperated with a clean vision to develop manufacture and to market the lubricants A basket full of products with the latest chemical technology are developed at well equipped modern manufacturing & testing facility at surat, India. Company has highly equipped plant with capacity to blend lubes and additives. Company also has state of art & R&D back up with desired facilities to maintain quality specifications. The entire process at Pre & Post Production is supervised by the expertise staff. Company's experienced technocrat staff is exploring new ideas to meet the market demands

LUBRICANT • AUTOMOTIVE
AN INDUSTRY WITH ENDLESS OPPORTUNITIES

OUR COMPANY VISION MISSION

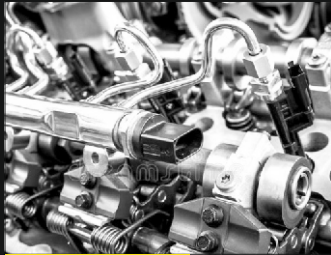

The ensure continuous expansion of the company, by elevating the standards of our products and services thus improving customer satisfaction.
To diversify our product-range based on elaborate research and development.
To create growth opportunities and maximize share holder value.
To abide commitment to safety, Healthy and environment.

OUR PRODUCTS

GEAR OILS

PERFORMANCE GREASE

ENGINE OILS

OTHER OILS AND FLUIDS

Pack size :- 900ml,1,10,20,55,210 ltr

APEX-4T(SL)

APEX- 4t It is formulated from high quality of Base oils doped with additives which provides high level of oxidation & thermal stability. It protects the engine from high temperature wear & also from rust & corrosion.

APEX-4T(SL)

Pack size :- 900ml,1,10,20,55,210 ltr

GEMS-4T(SM)

GEMS 4T zoom is a premium performance four stroke motorcycle oil, non-friction modified, shear-stable, multigrade oil provides excellent oxidation and wear protection for extended oil & engine life as well as longer Clutch life by preventing clutch slippage at start up and varying speed.

GEMS-4T(SM)

Pack size:-900ml,1,10,20,55,210 ltr

HEXA-4T(SN)

HEXA 4T is a Semi synthetic blend 4 stroke motor cycle oil ensuring sustainable high performance. These oils are formulated for excellent wear protection, resist viscosity and thermal breakdown. It has high VI that provides engines with full protection at higher operating speed, temperatures and other adverse conditions.

HEXA-4T(SN)

Pack size :- 900ml,1,10,20,55,210 ltr

SHARP-4T(SN) 10W30

SHARP 4T is a semisynthetic blend 4 stroke motor cycle oil ensuring sustainable high performance. This oil is formulated for excellent wear protection, resisting viscosity and thermal breakdown. It has high viscosity index that provided engines with full protection at higher operating speed temperatures and other adverse conditions.

SHARP-4T(SN) 10w30

Pack size:-900ml,1,10,20,55,210 ltr

LEAD-4T(SN) 20W50

LEAD-4t is a semisynthetic blend 4 stroke motor cycle oil ensuring sustainable high performance. This oil is formulated for excellent wear protection, resisting viscosity and thermal breakdown. It has high viscosity index that provided engines with full protection at higher operating speed temperatures and other adverse conditions.

LEAD-4T(SN) 20W50

Fully Synthetic Car Engine Oil

Passenger Car Motor Oils | Diesel Engine Oils | Gear Oils | Automatic Transmission Oils | Greases | Hydraulic Oils | Brake Fluids | Coolants | Motorcycle Oils

Pack size:-2.5,3,3.5,4,4.5,5,10,20,55,210 ltr

DOUBLE-VS 0W40

DOUBLE-VS 0w40 is a new generation semi synthetic Blend gasoline engine oil blended with the most advanced additive package to enable it to give exceptional performance under most severe operating conditions. The oil provides not only good cold starting and high resistance to sludge, low volatility characteristics but also it provides effective protection against oxidation, wear and corrosion under high temperature operations

DOUBLE-VS 0W40

Pack size :- 900ml,1,10,20,55,210 ltr

S-100 5W40

S-100 Full synthetic 5W-40 motor oil is formulated to flow like 5 Weight oil from a cold start in winter temperatures and like 40 Weight oil once the engine has reached its normal operating temperature. It's our strongest oil and liquid engineered to withstand the high pressure and high temperatures of modern gas and turbo diesel engines.

S-100 5W40

Pack size:-2.5,3,3.5,4,4.5,5,10,20,55,210 ltr

BLAZE 10W40

BLAZE 10w40 with Fluid TITANIUM Technology, is strongest oil and the natural choice for drivers who want the best combination of sludge protection, wear protection and maximum engine performance. Unlock maximum performance with every drive.

BLAZE 10W40

Pack size :- 900ml,1,10,20,55,210 ltr

WAGON 5W30

WAGON 5W-30 is an advanced full synthetic engine oil designed to keep your engine running like new by providing exceptional wear protection, cleaning power and overall performance. 5W-30 meets or exceeds the requirements of the industry's toughest standards and outperforms our conventional oils. technology comes as standard equipment in many different vehicles, including select high-performance vehicles.

WAGON 5W30

lubranta[®]

LUBRICANT • AUTOMOTIVE
AN INDUSTRY WITH ENDLESS OPPORTUNITIES

Bus, car, truck other heavy vehicle...

Pack size :- 500ml,1,3,3.5,4,4.5,5,7.5,10,15,20,55,210 ltr

MAGIC-PRO 15W40-CI4+

MAGIC PRO 15W-40 is a high performance semi synthetic blend engine oil made especially for vehicles fueled with Ultra Low Sulfur Diesel (ULSD) and require the use of Low Ash engine oils, to protect the installed emissions equipment, including DPFs, catalytic converters, EGR and SCR injection. This oil offers excellent performance to maximize component life, extend drain intervals and improve fuel performance.

MAGIC-PRO 15W40-CI4+

Pack size:-500ml,1,3,3.5,4,4.5,5,7.5,10,15,20,55,210 ltr

MOTO TECH 20W40

MAGIC PLUS 15w40-CH4 diesel engine oil is a superior quality shear stable multigrade premium performance crank case oil which provides excellent protection to high performance modern engines used in the toughest on and off highway equipment. It assures outstanding protection against high temperature piston deposits, oil degradation and oil thickening

MAGIC PLUS 15W40-CH4

Pack size :- 2.5,10,20,55,210 ltr

BULLET POWER 15W50

BULLET POWER 15W50 is a semi synthetic blend premium performance, non-friction modified, shear stable, motor cycle Engine oil specially formulated for new generation four stroke motor cycles for longer clutch life by preventing clutch slippage at start up and varying speed

BULLET POWER 15W50

Pack size:-500ml,1,3,3.5,4,4.5,5,7.5,10,15,20,55,210 ltr

MOTO TECH 20W40

MOTO TECH 20W40 is a high performance premium quality engine oil. It is formulated using high quality paraffinic base oils with selected premium quality additives to take care of all types of turbo-charged, naturally aspirated diesel and gasoline engines.

MOTO TECH 20W40

Pack size:-500ml,1,3,3.5,4,4.5,5,7.5,10,15,20,55,210 ltr

ENVIRON+ 20W50

ENVIRON+ 20W50 is a new generation high performance semi synthetic Blend gasoline engine oil for modern passenger cars It provides good protection against oxidation, wear and corrosion under high temperature operation. Also it provides not only good cold starting but also high resistance to sludge formation.

ENVIRON+ 20W50

Pack size:- 7.5,10,15,20,55,210 ltr

TRACTOR OIL 20W40

TRACTOR OIL 20w40 Multigrade Diesel engine oils are high performance, shear-stable, thermal stable new generation oils specially formulated for Tractors & mixed fleet working under severe service conditions. Recommended for use in all types of tractors and fleets with both light and heavy-duty engines where multigrade oil is preferred.

TRACTOR OIL 20W40

Pack size:-5, 7.5,10,15,20,55,210 ltr

UTTO

UTTO oil is exclusively designed for multifunctional Agricultural Tractor's transmission, Differential & final drive, Wet multiple disc brake and hydraulic System. It also functions as a power brake, power steering, power take off and implement drive fluid with sufficient friction and heat transfer characteristics to facilitate the efficiency operation of Tractor wet brakes and power take off units.

UTTO

Pack size :- 20,55,210 ltr

DEF

DEF is a premium Diesel Exhaust Fluid manufactured as per ISO 22241 & IS 17042 (Part 1) specifications. It is a non-toxic, high quality and highly pure Aqueous Urea Solution that works with SCR (Selective Catalytic Reduction) technology to chemically change harmful nitrogen oxide (NOx) emissions from heavy-duty diesel vehicles into harmless nitrogen and water.

DEF

Pack Size:-500ml,1,10,20,55,210 Ltr.

2T GREEN-CNG OIL

2T GREEN CNG OIL oil is blended from premium quality base stocks and most advance additives to take care of extra heat generated during combustion of gas in the engines. It is a dedicated engine oil formulated for vehicle operating on Natural gas, LPG and dual fuels.

2T GREEN-CNG OIL

Pack Size:-3.5,10,20,55,210 Ltr.

PUMPSET OIL

Pump set oil is a superior quality agricultural diesel pump set oil SAE 20W40 specially developed to meet the severe performance requirements of pump sets and other small stationary diesel engines for industrial use. Recommended for use where multi grade oil is preferred for a wide range of diesel pump sets

PUMPSET OIL

A close-up photograph of a mechanical gear assembly. A nozzle is pouring a thick, golden-brown oil onto the gears. The scene is brightly lit, highlighting the metallic surfaces and the viscosity of the oil. A red banner is overlaid on the image, containing the text 'GEAR OIL /HYDRAULIC OIL'.

GEAR OIL /HYDRAULIC OIL

The logo for Lubranta, featuring a stylized orange and yellow flame or drop shape above the brand name.

lubranta[®]

LUBRICANT • AUTOMOTIVE
AN INDUSTRY WITH ENDLESS OPPORTUNITIES

Pack size :- 500ML,1,5,10,15,20,55,210 ltr

GEAR-X EP-90

EP 90 gear oil is formulated for use in a wide range of gear units with normal, bevel and helical gear designs, including synchromesh manual gearboxes, transmissions and axles under moderately severe load and pressure conditions. These oils meet the requirements of several automotive manufacturers for cars, vans and commercial vehicles and hence recommended for cars, trucks, buses and off highway equipment.

GEAR-X EP-90

Pack size :- 500ML,1,5,10,15,20,55,210 ltr

GEAR-X EP-140

EP 140 is a specially formulated for use in a wide range of gears which includes synchromesh manual gears, transmissions and axles working under moderate to severe load and pressure conditions. It is designed to match all type of gear applications for both old or new generation vehicle types including spiral, bevel or worm gear transmission system where API GL4 gear oil is recommended.

GEAR-X EP-140

Pack size :- 500ML,1,5,10,15,20,55,210 ltr

GEAR-X EP-80W90

EP 80 W 90 is specially formulated for use in a wide range of gears which includes synchromesh manual gears, transmissions and axles working under moderate to severe load and pressure conditions. Due to its high shear stability they provide excellent protection for gears used in new generation vehicle types including spiral, bevel or worm gear transmission system where API GL4 Multigradegear oil is recommended

GEAR-X EP-80W90

Pack size :- 500ML,1,5,10,15,20,55,210 ltr

GEAR-X EP-85W140

EP-85W140 type gear oil is recommended for all types of gears particularly hypoid gears, axles operating under various combinations of high speed shock loads and low speed high torque conditions. ideal for all types of highway and off highway vehicles working under severe and wide varied temperature conditions. This product is also available with “Limited Slip” properties

GEAR-X EP-85W140

Pack size :- 1,1,5,10,15,20,55,210 ltr

HYDRAULIC-68/46/32

Hydraulic oils are high quality hydraulic oils, designed to meet the requirements of normal hydraulic & circulating systems. These Series oils are formulated with high quality solvent refined mineral oils and synergistic additives for imparting anti-wear, anti-corrosion, oxidation inhibition and anti-foam properties. Recommended for all types of general mobile hydraulic equipment in control and power transmission systems

HYDRAULIC-68/46/32

Pack size :- 500ML,1,5,10,15,20,55,210 ltr

COMPRESSOR-150

EP-85W140 type gear oil is recommended for all types of gears particularly hypoid gears, axles operating under various combinations of high speed shock loads and low speed high torque conditions. ideal for all types of highway and off highway vehicles working under severe and wide varied temperature conditions. This product is also available with "Limited Slip" properties

COMPRESSOR-150

AP-3 GREASE

Ap3 GREASE is a premium quality all purpose automotive grease. Recommended for all types of Wheel bearings used in automobiles e.g Heavy duty, Light commercial, Passenger vehicles. Excellent thermal and oxidation stability. Resistance to water wash out. Superior protection against rusting & corrosion

PACK SIZE :- 500GM,1,5,10,18,180KG.

EP-2 GREASE

Extreme pressure (EP) greases are multifunctional extreme pressure lithium soap greases manufactured from high viscosity index base oils and fortified with carefully selected extreme pressure additives for high load bearing capacity. They are recommended for gearboxes, heavily loaded anti-friction and plain bearing on industrial and automotive equipment.

PACK SIZE :- 500GM,1,5,10,18,180KG.

CHASSIS GREASE

Chassis Grease is a calcium soap grease, having excellent water repellent and good water wash out properties. Recommended for all types of chassis lubrication requirements such as ball joints, suspension, steering gear system, plain bearings, bushings and pins in automotive chassis assemblies.

PACK SIZE :- 500GM,1,5,10,18,180KG.

MP-3 GREASE

Mp3 is a premium quality lithium soap base grease and is recommended for variety of greasing applications in automotive, agriculture, construction and industrial application. It is recommended for lubrication of wheel bearing, chassis, nipple steering linkages, universal joints etc. The grease provides maximum protection by adhering well to the lubricated bearing surfaces sealing them from dirt and abrasive contaminants.

PACK SIZE :- 500GM,1,5,10,18,180KG.

RED GEL GREASE

Red is a long life lithium Red colour gel grease formulated with a specially designed soap system, high viscosity index base oil and carefully balanced additives for lubrication under moderate to heavy loads and intermittent high temperatures. The soap in the grease helps in retaining its structure even under severe service condition and high loads, thereby extends component life through extension of re-lubrication interval.

PACK SIZE :- 500GM,1,5,10,18,180KG.

GEL GREASE

GEL GREASE excellent shear stability, good surface adhesion and antiwear characteristic grease specially formulated from refined, high viscosity index base oils and lithium complex thickener. This grease is fortified with unique additives for long life performance, rust and oxidation inhibitors specially developed for bearing operating under severe heavy shock loads.

PACK SIZE :- 500GM,1,5,10,18,180KG.

lubranta[®]

LUBRICANT • AUTOMOTIVE
AN INDUSTRY WITH ENDLESS OPPORTUNITIES

Pack size:-100ml,250ml,500ml,10,20,55,210 ltr

Brake Oil Dot 3/4

BRAKE FLUID DOT 3/4 is a superior quality synthetic fluid meant for the hydraulic brakes of automobiles. It meets US Dept. of Transportation's stringent specification DOT 3/4. Recommended for all automobiles having hydraulic brakes.

Brake Oil Dot 3/4

Pack size:-175,350ml,10,20,55,210 ltr

Front Fork Oil

Shock absorber oil has excellent damping effect, chemical stability, oxidation stability and seal compatibility. Due to low pour point, it can be used round the year in extreme weather.

Front Fork Oil

Pack size:-1,5,10,20,55,210 ltr

Coolant

coolant is used to remove heat produced by the engine and transfer it into the cooling system. The coolant receives the heat and circulates it through the radiator, dissipating it back into the atmosphere. A thermostat is used to regulate the temperature of the coolant during the circulation.

Coolant

PACK SIZE :- 500ml,1,5,10,20,55,210ltr

Power steering oil

TQ serves as a power transmission fluid in the torque converter, hydraulic fluid in the control and servo systems, as a lubricant for bearings & gears and as a friction - controlling for bands and clutches. Recommended for automatic transmissions, power steering and other hydraulic system. It is having effective frictional characteristics for smooth shifting, reduced foaming and fluid loss under severe service conditions

Power steering oil
